Stonecrest Releases Its 2022 Citywide Initial Street Paving List

Roadway repaving set to begin on Monday, August 29 through Friday, September 9.

Stonecrest, GA – The City of Stonecrest has announced the first round of streets that will be repaved in the area beginning on Monday, August 29. The funding is provided through special purpose local option sales tax (SPLOST) funds.

The project is a part of the City’s 2022 paving program. In total, 58.3 lane miles of roadway will be repaved throughout the City.

Stonecrest will invest nearly \$12 million in the street repair and resurfacing program through its 2022 funding. This investment will support asphalt street resurfacing, and a general repair of the streets throughout Stonecrest.

Stonecrest officials used the Paving Condition Index (PCI) score, an industry wide standard, to set the order in which the streets will be repaved. This is a weighted score that factors in the surface and roughness of the roadway. These conditions may be visible to motorists in the form of potholes, cracking and worn asphalt. Roads with no visible disturbance were measured with special tools to help determine the final PCI score.

Traffic volume is also a consideration in determining the repaving schedule.

The first phase of repaving will begin on Monday, August 29 and end on Friday, September 9. All work is scheduled from 7 a.m. until 7 p.m. No road work will take place from Saturday, September 3 through Monday, September 5 (Labor Day Weekend).

Stonecrest roads scheduled to be repaved are Maddox Road, Coffee Road, Marbut Trace / Charter Manor, Charter Way, Bedford Lane and Charter Lane.
