## **1 EXECUTIVE SUMMARY**

Stonecrest, GA, was officially incorporated as DeKalb County's newest city in 2017. The City's inaugural mayor and council are using an innovative public-private partnership with Jacobs Engineering to deliver the high quality of service Stonecrest's 54,000 residents and business owners deserve. With its rich history, strong community support, desirable location, and mix of residential, office, commercial and industrial properties, along with parks and green space, the City of Stonecrest is poised for success well into the future.

The city's website is being managed internally by a communications director, a communications coordinator and externally by a website developer. We expect a future vendor to render a website solution that will make the city less reliant on the services of an external developer by providing software that offers the same level of security, without the difficulty of using custom coding.

## **2 BACKGROUND AND CURRENT STATUS**

---

Stonecrest, Georgia's current website was developed in 2017. The website evolved from being a site designed to inform residents about the incorporation of the new city to a website intended to inform, educate and provide a convenient resource for paying city fees and fines.

The city's website is developed and designed using Dreamweaver Software. Our objective is to gain the ability to modify and update the website without using Dreamweaver or any custom codes. The staff's desired option is to have the website migrated to a Content Management System format so that our department directors can easily update their respective web pages.

### **2.3 PROJECT OVERVIEW**

---

The goal for the City is to have a website with the technology to support online services, house high-quality videos, along with integrated social media tools. The City is requesting proposals from vendors specializing in web development/design services able to meet the requirements in this document to upgrade the city's website. The planned website redevelopment project will start in January 2019.

The vendor contract will be for the number of years specified in the agreement with a one-year renewable clause. Services will be paid for on a monthly basis unless otherwise agreed upon in the terms of the contract.

### **2.4 STAKEHOLDER EXPECTATIONS**

---

The city website is one of the media outlets used to post notices in compliance with state laws. Therefore, the website must always be maintained with a sufficient backup site that can be immediately launched, should the main site malfunction or shut down.

The website also contains a portal for the payment of city fees and fines. This function will be expanded along with future city services. The vendor is expected to maintain the security of the site so that payee and payor's information is secure.

### **2(E) NOTICES AND RESPONSE CRITERIA**

---

#### **2(E)1. Good Faith**

This RFP has been compiled in good faith. The information contained within is selective and subject to the City's updating, expansion, revision, and amendment.

#### **2(E)2. Right to Cancel**

The City reserves the right to change any aspect of, terminate, or delay this RFP, the RFP process and/or the program, which is outlined within this RFP at any time, and notice shall be given in a timely manner thereafter.

**2(E)3. Not an Award**

Recipients of this RFP are advised that nothing stated herein, or any part thereof, or any communication during the evaluation and selection process, shall be construed as constituting; offering or awarding a contract, representation or agreement of any kind between the City and any other party, save for a formal written contract, properly executed by both parties.

**2(E)4. Property of the City**

Responses to this RFP will become the property of the City and will form the basis of negotiations of an agreement between the City and the apparent successful vendor.

**2(E)5. The City is not Liable for Costs**

The City is not liable and will not be responsible for any costs incurred by any vendor(s) for the preparation and delivery of the RFP responses, nor will the City be liable for any costs incurred prior to the execution of an agreement, including but not limited to, presentations by RFP finalists to the City.

**2(E)6. City's Expectations**

During the review of this document, please note the City's emphasis on the expectations, qualities, and requirements necessary to be positioned as an RFP finalist and successful vendor.

**2(E)7. Waiver of Minor Administrative Irregularities**

The City reserves the right, at its sole discretion, to waive minor administrative regularities contained in any proposal.

**2(E)8. Single Response**

A single response to the RFI may be deemed a failure of competition, and in the best interest of the City, the RFP may be cancelled.

**2(E)9. Proposal Rejection; No Obligation to Buy**

The City reserves the right to reject any or all proposals at any time without penalty. The City reserves the right to refrain from contracting with any vendor. The release of this RFP does not compel the City to purchase. The City may elect to proceed further with this project by interviewing firm(s) well –suited to this project, conducting site visits or proceeding with an award.

**2(E)10. Right to Award**

The City reserves the right to make an award without further discussion of the proposal submitted. Therefore, the proposal should be submitted initially with the most favorable terms the vendor can offer.

**2(E)11. Withdrawal of Proposals**

Vendors may withdraw a proposal that has been submitted at any time up to the proposal closing date and time. To accomplish this, a written request signed by an authorized representative of the vendor must be submitted to the RFP Coordinator. The vendor may submit another proposal at any time up to the proposal closing date and time.

**2(E)12. Non-Endorsement**

The selection of a vendor to supply products and/or services to the City is neither endorsing nor suggesting that the vendor's product is the best or only solution. The vendor agrees to make no reference to the City in any literature, promotional material, brochures, sales presentation or the like without the express written consent of the City.

**2(E)13. Proprietary Proposal Material**

Any information contained in the proposal that is proprietary must be clearly designated. Marking the entire proposal as proprietary will be neither accepted nor honored. If a request is made to view a vendor's proposal, the City will comply according to the Open Public Records Act. If any information is marked as proprietary in the proposal, such information will not be made available until the affected vendor has been given an opportunity to seek a court injunction against the requested disclosure.

**2(E)14. Errors in Proposal**

The City will not be liable for any errors in vendor proposals. Vendors will not be allowed to alter proposal documents after the deadline for proposal submission.

The City reserves the right to make corrections or amendments due to errors identified in proposals by the City or the vendor. This type of correction or amendment will only be allowed for such errors as typing, transposition or any other obvious error. Vendors are liable for all errors or omissions contained in their proposals.

**2(E)15. Funding**

Any contract entered into as a result of this RFP is contingent upon the continued funding by the City of Stonecrest.

### **3.0 PROJECT STRUCTURE, SCOPE OF WORK AND DELIVERABLES**

The website design and replacement project is being submitted for public bid in compliance with HB489, a recent law that requires local governments to submit or establish a bid process for the procurement of any goods or services valued at more than \$10,000.

Project goals and scope of work:

- The vendor will migrate current website in its entirety, to a new, fully-functional website in a timely manner to be agreed upon at the awarding of the contract.
- The new website will pull content and upon agreement certain design features from the existing website. The new website will contain all content from the existing website.
- The vendor will provide a website that is built on a content management software foundation that will allow for staff updates without the need for extensive coding knowledge.
- The vendor will provide training on the complete use of the content management software to the communications director and communications coordinator and/or their designees.
- The vendor will continue to support for the website to include but not limited to 24-hour security and website restoration in the event of a crash.
- The vendor will be expected to consult with city staff on ways to increase our web users and maintain an excellent user experience for website visitors.

In addition to these tasks, the vendor will be responsible for supplemental tasks such as;

- Management of the redesign and migration project
- Content strategy and copywriting
- Illustration
- Information and visual design
- Search engine optimization
- Front and back-end coding
- Mobile device optimization

- Testing and quality assurance

The vendor will facilitate each phase of the website development and provide a timeframe that will be agreed upon by the city and the vendor. The names of the phases may vary; however, their deliverables should be similar.

**Phase 1 Research**

Establish and outline the city's specific website needs. Develop a project timeline and project plan that identifies each subsequent step in the website development process.

**Phase 2 Analyze and Design**

Establish content, design preferences, color palette, and desired images.

**Phase 3 Website Development**

Create a CMS-based design concept that provides information and a superb user experience. Begin migrating the existing website key features such as pay portals to the new website. Ensure that all archive files associated with the website are migrated to the new website. Begin preparations for the launch of the new website.

**Phase 4 Pre-Launch and Training**

Resolve any content or design errors. Approve the final version of the website that has been tested on all major browsers and mobile devices. Train communications department and their designees on the CMS software. Advertise new website's arrival on social media and on the current website.

**Phase 5 Launch**

Release the new website to the public.

**Phase 6 Post Launch**

Provide ongoing support, hosting and security to maintain a superb user experience.

### **3.2 RFP EVALUATION PROCESS**

---

RFPs will be evaluated by a team composed of members of the Selection and Evaluation Team listed in Section 4.1 and their designees. Prior to the selection of the award to the apparent successful vendor, the City of Stonecrest reserves the right to conduct on-site visits of any vendors' facilities and/or require any vendor to participate in a presentation to the evaluation team (and others) of the items contained in the RFP response and any other items deemed appropriate by the City of Stonecrest.

If an award is made as a result of this RFP, it shall be awarded to the vendor whose proposal will lead to the best product for the City with the quality of design, CMS, along with price and other factors including, but not limited to: demonstrated technical ability and expertise; reference calls and/or recommendations; memberships, licenses, ISO Certifications or any other applicable membership or certifications; presentations to the City evaluation team and others (if applicable); on-site visits at vendor's site (if applicable), product; any additional criteria deemed appropriate by the City which would lend itself to establishing the Service Provider's viability to perform the work as outlined in this RFP.

When determining whether a vendor is suitable, or when evaluating a vendor's response, the following factors will be considered, any one of which will suffice to determine whether a potential vendor's proposal is the most advantageous to the City. These factors may be applied to the vendor and any of its current or previous subcontractors.

1. The ability, capacity, and skill of the vendor to perform/provide the service required.
2. The character, integrity, reputation, judgment, experience, and efficiency of the vendor.
3. The vendor can provide a content management system that meets the requirements of the City
4. The quality of performance of previous public and private contracts or services, including, but not limited to, the vendor's ability to perform satisfactorily and complete items specified in the contract agreements.
5. The previous and existing compliance by the vendor with laws relating to the contract or services.
6. Evidence of collusion with any other vendor, in which case colluding vendors will be restricted from submitting further bids on the subject project or future tenders.
7. The vendor's ability to complete the work to the full extent of the RFP.
8. There has incomplete work with the City or others, or an outstanding dispute on a previous or current contract that might hinder, negatively affect, or prevent the prompt completion of the work bid upon.
9. The vendor failed to settle bills for labor or materials on past or current public or private contracts.
10. The vendor has been convicted of a crime arising from a previous public contract, except convictions that have been pardoned, expunged, or annulled.

11. The vendor has been convicted of a crime of moral turpitude or any felony, except convictions that have been pardoned, expunged or annulled, whether in this state, in any other state, by the United States, or in a foreign country, province or municipality. Vendors shall affirmatively disclose to the City all such convictions, especially of management personnel or the vendor as an entity, prior to notice of award or execution of a contract, whichever comes first. Failure to make such affirmative disclosure shall be grounds, in the City's sole option and discretion, for termination for default subsequent to award or execution of the contract.
12. Such other information as may be secured having a bearing on the decision to award the contract.
13. Any other reason deemed proper by the City.
