

Survey Results Are In!

The Community Has Spoken!

These are exciting times in the City of Stonecrest! As we continue planning the future of our great city, we value input from residents and the business community. In order to get ideas from the people who will be most impacted by the city's development, we hosted open house planning sessions and took input from our online survey.

Based on the results, the plan should focus on economic development as a means of attracting quality commercial and residential developments to the area. Roads, sidewalks, parks and recreation as well as technological infrastructure are of particular importance to the community.

Here's a summary of the community's top desires for the future layout and function of Stonecrest!

What should be Stonecrest's top infrastructure priority?

Public transportation lead all votes with 27% at community open houses. While online, **Roads** pulled in 41% of votes.

What type of developments would you like to see more of?

Mixed-use developments are the overwhelming favorite with 60% of vote. The next highest votes came for **Commerical/Office developments** at 20%.

What type of housing is best suitable for Stonecrest?

Single-family houses led with 27% of the vote, followed by **Senior Housing** (18%), **Townhomes** (17%) and **Condominiums** (14%)

So What's Next?

As you can see we still have a way to go. We will continue to keep you updated on the progress and invite your involvement. Stay connected to the progress by regularly viewing our Comprehensive Plan 2038 webpage.
